An Armour Guard by DFS fence decision will give you peace of mind that you've chosen a quality fence that will last for years to come.

## SPECIFICATION PAGE

#### METLINE PREMIUM

Metline Premium is Engineered to be strong with S-11 strength panel posts, with more ribs for strength for long lasting design. Metline Premium has been designed to overlap cleanly, removing any rattling between tracks.

#### FENCING COLOUR RANGE

BLACK BEIGE BASALT

- 18 Guage Steel Posts
- 22 Guage Steel Fence Panels.
- Standard Height of 6ft but can be cut down to fit whatever requirements.
- Extra Strength Steel Post Base for extra strength installation on concrete walls.

#### Colourbond Steel

Colourbond Steel is far more than just paint on steel or powdercoat.

1. The Steel base is manufactured to meet Canadian Standards, ensuring strict adherence to required grade and strength.
2. The base is then coated with industry leading Metallic Coating to provide enhanced corrosion resistance.
3. A thin Pre Treatment layer is applied to optimize the adhesion of further coatings.
4. A corrosion inhibitive Primer is baked onto surface.
5. A Topcoat of specially developed exterior grade paint is baked on to provide resistance to chipping, flaking and blistering and to ensure the finish retains its designer look longer.
