

Direct Fencing Supply Ltd.

Non-prorated and Transferable

Direct Fencing Supply Ltd. warrants to the registered homeowner/consumer that its DFS vinyl fencing products will be free from manufacturing defects - including peeling, flaking, blistering and corroding - when subject to normal and proper use. Products must be properly maintained by the homeowner/consumer.

Should any such defect occur during the lifetime of the registered purchaser (and as long as the registered purchaser is still living and retains ownership of the property), Direct Fencing Supply will repair or replace, at its option, the defective fencing product. Direct Fencing Supply also reserves the right to refund the amount paid by the original owner for the fencing product.

Direct Fencing Supply shall not be liable or responsible for labor charges or other expenses whatsoever in connection with removal or installation of either the original or replacement product.

In the event of repair or replacement under the terms of this warranty, the original warranty shall apply to the repaired or replacement fencing material and will extend for the balance of the warranty period in effect at the time the material proved defective. The lifetime coverage offered by this warranty automatically ends upon the sale of the property or death of the last of the original owners of the property at the time of installation unless it is re-registered by the new owners.

The lifetime coverage offered by this warranty is designed to cover individual homeowners only. In the case of fencing material purchased by, or installed upon property owned by, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residences, the warranty period will be 30 years following the installation of the fence.

Limitations

This warranty does not provide protection against any failure, defect or damage caused by situations and events beyond normal exposure conditions, including but not limited to:

- Misuse, abuse, neglect or improper handling or storage
- Improper material installation
- Use of accessories which do not properly receive and/or secure Premium Vinyl Fencing products
- Impact of foreign objects, fire, earthquake, flood, lightning, hail, hurricane, tornado or other casualty or act of God;
- Movement, distortion, collapse or settling of the ground or structure on which the fencing, decking or railing is installed
- Any other cause not involving manufacturing defects in the material supplied by Direct Fencing Supply.

The fencing is not warranted against discoloration or other damage caused by air pollution (including but not limited to metal oxides or metallic particles), mildew, exposure to harmful chemicals or normal weathering from the elements.

Normal weathering is defined as exposure to sunlight and extremes of weather and atmosphere which will cause any coloured surface to gradually fade, chalk, or accumulate dirt or stains. The severity of any condition depends on the geographical location of the fencing, the cleanliness of the air in the area, and many other influences over which Direct Fencing Supply has no control.

Notwithstanding anything set forth above, the fencing, is warranted against yellowing of the product due to normal weathering from the elements. Material must be maintained following the care and maintenance procedures found at directfencingsupply.ca Direct Fencing Supply shall have sole discretion to determine, based on reasonable criteria, whether the fencing is suffering from normal weathering. If the fencing weathers to a degree determined by Direct Fencing Supply to be beyond normal, Direct Fencing Supply will either repair or provide replacement material, at its option, for the defective fencing. Direct Fencing Supply also reserves the right to refund the amount paid by the original owner for the fencing material and accessories (but not including the cost of its initial installation).

Direct Fencing Supply warrants the fence product against excess fading beyond normal weathering if caused by a manufacturing defect and is reported to DFS. Excess fade is defined by a change in color greater than four (4) Hunter units as calculated according to ASTM D2244. If DFS determines that the fence product has excess fade, DFS, at its sole option, will either repair or provide replacement fence product. DFS also reserves the right to refund the amount paid by the original purchaser for the fence product (but not including the cost of its initial installation).

This warranty does not apply to fencing which has been painted, varnished or coated over the manufacturer's original finish.

Direct Fencing Supply reserves the right to discontinue or modify any of its products, including the colour, without notice to the homeowner/consumer, nor shall Direct Fencing Supply be liable in the event the replacement material may vary in colour or gloss in comparison to the original product as a result of normal weathering. If Direct Fencing Supply replaces any material under this warranty, it may be a substitute using products designated by Direct Fencing Supply to be of comparable quality or price range in the event the product initially installed has been discontinued or modified.
